

## DELICA SILK BRACELET

Materials: 1 size 4 griffin silk cord  
 Small number of delicas (about 100 beads) Perfect project for those little bits of left over delicas.  
 2 beadalon crimps.  
 1 fine twisted wire needle

To Start:

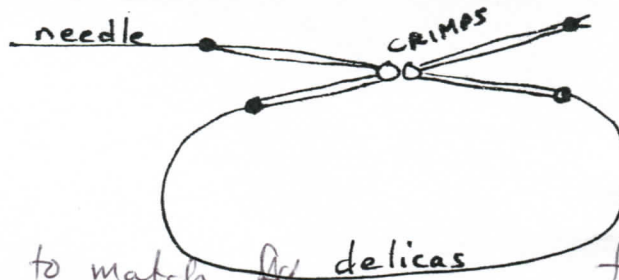

Cut the needle off the silk cord and thread double with the twisted wire needle. Tie an overhand knot close to the end.

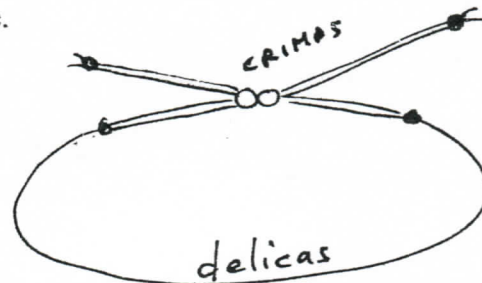

Thread on one to five delicas and two crimp beads. Tie an overhand knot 2 1/2 inches from the end.

Thread on approximately 4 1/2 to 5 inches of delicas. Check to see if you like the length. Tie an overhand knot close to the delicas.

Take the needle back through the crimp beads to create a circle.

Add one <sup>to five</sup> ~~last~~ delicas to match ~~the~~ delicas first side  
 Tie an overhand knot 2 1/2 inches from the end of the delicas.  
 Glue the knots on the tail ends and cut close.

Congratulations. You're done.

Variations: You could put a charm or crystal or gemstone in the center of the delicas.
